## Key Drivers of Performance

## Verdict

**46**

Score out of 50

Average for the category: 38

Nearly three quarters considered this product to be 'better than what's out there'. The "tender, lean, moist" chicken was complemented by the "flavoursome" stuffing. Two thirds would use 'for midweek', in a salad, for sandwiches or even as part of a main meal, resulting in a high approval rating for this versatile premium sliced meat.

Plenty flavour and strength of stuffing completed the meat

Excellent flavour texture and quality

Lovely texture and taste

Tender tasty and convenient

Very lean, fresh looking and tender. Full of flavour and the stuffing complements the Turkey well, well seasoned and tasty

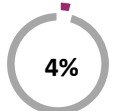

Delicious tender full of flavour

Nice to have something a little nicer in a sandwich. Nice chicken texture no gristly bits. And the stuffing was nice.

Great product, but on the expensive side for my budget

A bit dry, good flavour, a little tough

Synthetic taste chicken reconstituted

Maybe as a standby
