The retreat, Responding to Injustice, is about looking at the state of the world and learning how to serve it more effectively in your adult life. For the two days and one night we are based at St. Paul's Church on Arran Quay in the North Inner City. Ms O'Brien Quinn has secured a number of outstanding guest speakers for the retreat. It offers a terrific opportunity to reflect on what it entails to be a "*men for and with others*" and offers a great opportunity to renew your commitment to make the world a better place. So, throw yourself enthusiastically and energetically into all that is offered: new ideas and experiences, time for reflection and time for sharing with your peers. Ms O'Brien Quinn will direct the retreat supported by Mr. Earley and Mr. McGrogan.
