BoMar Pneumatics, Inc.

Product Offerings

One of the Midwest’s premier assembly and material handling distributors since 1995
History

BoMar Pneumatics is a specialty house offering superior transducerized, electric, pneumatic and battery assembly and foundry tools and other lines complementing manufacturing. Our sales engineers possess more than 75 years of experience in the pneumatic and DC electric tool industries.

A full-service, full-line stocking distributor, BoMar Pneumatics is conveniently located in Park 100 on the northwest side of Indianapolis, IN. Our customers include United Technologies Carrier, Chrysler, Ford, Navistar, General Motors, Wabash National Corporation, Gecom Corporation, Cummins Inc., Subaru and ITT Corporation.

BoMar is renowned for the high quality of its tool lines and its excellent, customer-responsive service. We repair the tools that we sell and also service other pneumatic and DC electric tools and hoists.

Services

Stocking Distributor

BoMar is a stocking distributor. In our spacious warehouse, we inventory items regularly used by customers so that they can be delivered just in time. From equipment and tools to fittings and hoses—whatever is required to maintain smooth, efficient operations—BoMar is prepared.

In-House Tool Repair and Calibration

We repair most makes and models of tools. Repair facilities in Indianapolis, Fort Wayne and Detroit enable BoMar to provide efficient and reasonably priced tool repairs. We repair and recondition air, electric, DC and battery-operated tools, as well as hydraulic pumps, hoists and cranes. We also have our own torque tool repair and calibration service.

Engineering and Parts Machining

BoMar has its own machining center capable of custom tool design, fabrication and machining services. Our prices are highly competitive and our turnaround time unequaled. If you have a custom tool, modification, gauge requirements, or are looking to source part production, please get in touch with us today.

Complete Turn-Key Material Handling Systems

Let BoMar’s professional sales team take your next material handling application from design, manufacturing, controls packages and installation.

BoMar Pneumatics, Inc.
5785 West 74th Street | Indianapolis, IN | 46278
Office: (P) 317.216.7606 | (F) 317.216.7607 | info@bomarpneumatics.com

www.bomarpneumatics.com
We sell, service and repair transducerized tools, current-controlled tools, electric tools, pneumatic clutch and stall tools and battery-operated tools.

We are a full service facility capable of multiple spindle fixtured assemblies and robotic cell assemblies.
